

A2
cont

providing a second computer for receiving data inputs, said data inputs including electronically recorded financial transactions made between said first entity and a second entity;

transferring said data inputs via a communication network from said second computer to said file of said first computer;

performing two or more activities selected from the group consisting of entering, deleting, reviewing, adjusting and processing said data inputs; and producing said accounting statement.

70. (New) A computer data signal embodied in a carrier wave, the computer data signal carrying instructions for performing a method for providing financial accounting statements for a first entity, comprising:

providing a first computer having at least one file from which an accounting statement may be generated;

providing a second computer for receiving data inputs, said data inputs including electronically recorded financial transactions made between said first entity and a second entity;

transferring said data inputs via a communication network from said second computer to said file of said first computer;

performing two or more activities selected from the group consisting of entering, deleting, reviewing, adjusting and processing said data inputs; and producing said accounting statement.

REMARKS

This application is a continuation application of Application Serial No. 08/313,988. Upon entry of this Amendment, Claims 28-70 will be pending in the application.

The Examiner is invited to telephone the undersigned at (412) 263-4340 if it would facilitate prosecution of this application.

Respectfully submitted
